### MINOR MENTION.

N. Y. Plumbing Co. New spring goods at Reiter's.

The matrimonial market is very quiet. Not a license has been issued for three days. The P. E. O. society will meet at 2 o'clock this afternoon at the residence of Mrs. Dr. Hanchett on Fourth street.

Miss Georgia Duncan and Barney Hurley were united in marriage Thursday afternoon at the residence of the lady's parents on Lower Broadway.

A New York architect is in the city look-ing up a location, and is favorably impressed with the prospects for a good opening. He will remain here some little time before deciding the matter.

To-morrow the J. J. Hardin's will visit this city and with the local base ball club will go to Lake Manawa. During the afternoon a game will be played for the edification of these who visit the laze on that day. James McMillan, the gentlemanly Union

Pacific policeman at the transfer, yesterday took out a building permit for a handsome \$2,500 residence. It will be a two-story frame, and will be erected in Fleming & Pavis' addition. Yesterday's records contained a deed

Yesterday's records contained a deed thereby Martha E. Gaylord transferred to J. R. Rice fifty-two acres, described as follows: The e ½ of the se ¼ of sec 19, tp 75, n of r 43. The tract is situated in the First ward. The consideration named is \$6,220. Joseph Cook has purchased of Horace Everett the e ½ of ne ¼ of sec 21, tp 74, r 42, eighty acres; \$1,800.

A special train of six cars left this city at 4:30 o'clock yesterday afternoon going east over the Rock Island. The passengers were the president, general manager and directors of that road and their families. The party came in from the west, having made a trip over the Kansas and Nebraska lines and into

Yesterday afternoon a party of twelve families, numbering about fifty persons, from the northern counties of the state, passed through this city en route for Montana. They go in ye ancient style—via prairie schooner, and have teams, implements, etc., for farming. They will establish an Iowa colony, and carry prohibition into the far west.

The Young Men's Democratic club will leave for St. Louis to-morrow evening, over the Wabash. They meet at the city building promptly at 6 o'clock and escorted by Dalley's military band will march to the Wabash depot, corner of Eleventh avenue and Bluff street, where they will board the sleepers that are to be their quarters during the trip. The will leave the transfer at 7:40 o'clock.

The excitement and hard work incident to the preparations for observing Memorial day proved too much for Colonel John Fox, and he is severely ill at his home on Washington avenue. He took an active part in the work, being a member of the floral com-mittee, and was taken ill late Wednesday evening. The illness was caused by over ex-tion, but quiet and careful nursing are bringing him through all right. His many friends hope to soon see him on the streets

M. B. Brown is a little sore because there was no mention made of his heroic attempt to play ball in The Bee's account of the recent game between the fats and leans. He claims credit for nine two-base hits, sixteen put-outs and three home runs. He is much more tender physically, as he gathered in a handful of cockle-burrs while attempting to stop a grounder and pounded his foot badly with the bat in striking at a low ball as it sailed over the plate. His feet will not be mates for weeks to come.

The first number of the Council Bluffs Reflector issued under the new management has made its appearance. The dress and general make-up has not been materially changed. Editorially everything is clean cut and evidences good ability. Mr. D. M. Carr, the senior editor, is a practical newspaper man, and will prove a valuable acquisition to the "force" of Council Bluffs. Mr. E. F. Watts is well known to the readers of THE BEE. He will conduct the business end of the paper. Ed is a hustler and will see that his department is well managed. Success to the new firm.

Paving Broadway.

The gravel for the Broadway pavement is arriving now at a lively rate and the work of laying blocks was resumed yesterday afternoon. About 5,000 yards have been put down and the men are laying 1,200 yards daily. Additional pavers are to be obtained from Kansas City and the force will then put down 2,000 yards per day. "Much Ado About Nothing."

During the progress of the exercises on Decoration day the members of the press were given seats upon the platform that they might be better enabled to do their work of reporting. At one time the local representatives of the Omaha Republican and Herald left their seats to get certain information, and on returning found their seats about to be occupied by two ladies. The president told them this fact and as soon as possible arranged other seats for them and publicly invited all members of the press to take seats upon the platform. The gentlemen re-ferred to did not appear, and as they now claim, had already left the grounds. The president says he supposed the centlemen president says he supposed the centlemen had vacated their seats permanently, while the scribes say it was a little piece of "freeze out," and decided lack of courtesy. To say that this is true is a little presumptious, for within a few moments other seats were pro-vided for them, and they were invited publiely to occupy them.

Who Confidenced Polenz. Judge Thornell occupied the bench in the district court yesterday. Quirk, the alleged confidence man, was put on trial for confidencing one Polenz out of his hard earned dollars. The act was committed some months ago, and a full account was given in THE BEE. It was alleged that Quirk was one of two men who hired Polenz to work on a stock farm, and on the solicitation of his employer gave him money to pay the old, old "freight bill." Colonel Dailey prosecuted on behalf of the state and City Solicitor Holmes cared for the interests of the prisoner. The defence was an alibi. Both sides rested at 4:30 and addresses to the jury began. Theso were not concluded at the closing hour. The case will be closed to-day.

A Manufacturing Move. The members of an eastern carriage firm are in the city negotiating with the board of trade for the removal of their factory to this city. The company employs 150 hands and agrees to work as many if it moves here. agrees to work as many if it moves here. They ask the citizens to subscribe \$40,000 stock and give them a bonus of another \$40,000. It is probable that the stock would be subscribed readily enough, but the bonus seems a little heavy to some. It is possible that the board of trade may arrive at some agreement with the firm. agreement with the firm.

Board of Trade.

There was a large attendance at the meeting of the board of trade last evening. Propositions were received from an eastern car-riage manufacturer, and were referred to the appropriate committee with instructions to report next Tuesday evening.

Before His Honor.

Police court business was rather light yesterday morning, the police having collared but three wanderers during the preceding night. Joe Hanson was charged with the arceny of a horse and buggy from in front of the store of the Council Bluffs carpet com-pany. He was nabbed by Officer Thomas before he had gone a block. The court de-cided that the fellow was drunk at the time, and accordingly assessed a booze fine of \$7.60. C. R. Hale and Ed Ellis, two ancient vags, were sent on their way rejoicing.
